

## Acknowledgments

We are indebted to those persons serving as members and co-chairs of HIV prevention community planning groups and those providing epidemiologic support to HIV prevention community planning activities for their assistance in developing this document.

We are especially grateful to the numerous state and local health department personnel who provided data for the examples and reviewed the early drafts of this document.

We thank Barbara Benson, Jan Brzuskiwicz, Renee Maciejewski, Sara McGaughey, Phyllis Moir, Ronald Nuse, and Jean Smith, Technical Information Activity, Division of HIV/AIDS Prevention, CDC, for their assistance in editing and producing this document.

This document was created in collaboration with CDC staff in the Office of the Director, CDC; in the Divisions of HIV/AIDS Prevention and Sexually Transmitted Disease Prevention, National Center for Prevention Services; and in the Office of the Director, Office of Surveillance and Analysis, and Division of Adolescent and School Health, National Center for Chronic Disease Prevention and Health Promotion. We appreciate their thoughtful contributions.

The suggestions and assistance from representatives of the following organizations are also much appreciated: the Council of State and Territorial Epidemiologists, the National Alliance of State and Territorial AIDS Directors, the National Association of People with AIDS, the Academy for Educational Development, and the National Council of LaRaza.
